Figure: We can include images with hint of shadows

Other things...

How to use?
Include theme in your preamble –

```
%\usetheme[style=dark]{simple}
\usetheme[style=light]{simple}
% or  \usetheme{simple}
```

Equations –

$$A^x + B^y = ?$$

<div align="right">(1)</div>

Two styles –

- Dark Style
- Light Style (Default)

Issues

You may have issues with font. Go to file `beamerinnerthemesimple.sty` and change font to the one that you like.

```
\setsansfont{Futura Book}
\setmonofont{Monaco}
```

You may comment

```
\newfontfamily\futurabold{Futura-Bold}
```
